You will be required to wear your own face mask when entering the office.

When you arrive for your appointment, **ONLY** the patient that is being seen by the doctor's will be allowed in the building. Minors may be accompanied by **one** parent/guardian. We request that you remain in your car and text the front office to let us know you're in the parking lot. You can text us by responding to your confirmation text or texting 317-894-4253. If you did not receive an appointment confirmation than please call ahead of time and confirm we have your correct cell number along with start time/date. Calling the front desk from the parking lot may delay our response time. We will text you back when the doctor's are ready to seat you in efforts to avoid sitting or standing by the front desk or waiting in the waiting room. We advise patients when possible to leave personal belongings in their vehicle. These items should not be brought into the operatories. We will have individual sterilization protocol to be followed by each patient prior to treatment.

If you have a fever or other respiratory symptoms such as a cough, or have been around a family member that has been ill, we respectfully ask that you reschedule your appointment. We look forward to seeing you soon.

Thank You,
Dr. Michael N Harris and Dr. Caryn A. Guba
